A Memorandum of Understanding (MoU) Between Senior Citizens Associations (SCAs) and Resident Welfare Associations (RWAs)

It is wrong to think in a democratic society that the senior citizen association should be formed only by the seniors to work only for seniors. A senior in the society should always think in terms of a three-dimensional approach: Seniors for seniors; seniors for society; and the society and the governments for seniors. Every citizen, including the seniors, have social responsibility to respect and promote the human rights of others. The senior citizens in view of their wisdom, nourished by their vast life experience, as well as professional experience and new-found leisure can exercise considerable grey power in the micro-urban communities by working with various resident welfare associations (RWAs), which are formed in their locality or in the vicinity. In fact, most of the colonies that are conceived and laid-out for housing and for infrastructure are done by the senior citizens only, often before their retirement. Usually, the horizontal (Colony and Gated community) and vertical (apartment-building) residents' associations that are formed and registered by, and are composed of, mostly the senior citizens. The RWAs also, like the Senior Citizens Associations (SCAs), are democratically elected and strive for improving the quality of life of all the residents and promote mutual care and cooperation among all the residents, like in a joint family.

Hence, their individual and collective involvement should be maintained and to be strengthened further, in the functioning of the RWAs, as they have the same objective of promoting high quality urban life. They can participate to activate and strengthen self-governing institutions in the area, such as the Ward Committees and contribute to the social development of all the local residents of all ages and of different economic status. Consultations and dialogue with, as well as getting things done by the local, state and central administrative officers would be easy for them, as they speak the same language and vocabulary. No doubt, there would be some problems of temperamental adjustments and generation-gap, since the elders would be more likely to be conservative and the youth would be more pragmatic and forward-looking. Such collaboration need not be freshly invented, as it has already been in existence in many states, without being called collaboration. Let us see how we can make it more systematic.

To cite a few, the senior citizens would be interested in holding yoga and health camps, tutoring children in slum areas, providing safety and security to the lonely seniors and women, involving in Police-Maithri committees, checking the quality of civil works undertaken by the municipalities and the R & B dept., Election Watch, holding games and sports, holding seminars and workshops on key issues like RTI Act, RTE and on Child Labour, Drug Abuse, etc. These activities are indispensable for building a society for all ages, by preventing the dangers of social fragmentation, isolation and victimisation of vulnerable groups in our towns and cities. These activities cannot be undertaken by the seniors exclusively for seniors, and many SCAs do not, often have the accommodation and other logistic facilities of their own for their day to day functioning. Hence, the solution is a clearly articulated agreement of partnership between the Senior Citizens' Associations and the group-housing societies, called Resident Welfare Associations, whether they are Colony Welfare Associations, or Multi-storied Apartment-building Associations or Gated Communities.

In fact, the RWAs do observe many public functions, national and international Days and conduct many cultural programmes regularly. They can greatly facilitate the functioning of senior citizen activities, running of Day Care Centres, yoga and dance sessions, bhajans, and many other social and religious functions in their community halls or parks. They are public properties under the custody of the RWAs, but mostly not their own private properties. In Hyderabad, already such collaboration exists between Aasara, the Hyderabad-Corporation-sponsored Circle Committees of the senior citizens and the resident welfare associations for setting up Day Care Centres. There are about 78 such Day Care Centres, at present in Hyderabad.

Already, the 13th National Conference of All-India Senior Citizens Confederation, held on 23rd November, at Lucknow has, unanimously, resolved and recommended the following, in response to an appeal made by the 1st National Conference of Resident Welfare Associations, held in Hyderabad on 23rd November, 2012: "That all the Senior Citizens Associations (SCAs) should get involved and participate in the activities of the nearby Resident Welfare Associations (RWAs) who are coming up as the finest expressions of the civil society and as an answer to many urban problems, in a way that would enhance the image of the senior citizens in the society and command respect from the younger generation, administrators and politicians too."

While a Memorandum of Understanding is the best solution immediately, it is also recommended to the RWAs that when they draft the Memorandum of Association, they can have as one of the objectives to form a Committee or a Cell, or Wing of Senior Citizens, as an autonomous body with appropriate infra-structural facilities. Similarly, the SCA while drafting its Constitution to register itself as an association can include the President or Secretary of the RWA as an ex-officio members, not withstanding their age.

Accordingly, the 18th AISCCON National Conference held at Hyderabad on 29th and 30th November, 2018 resolved unanimously that all the member associations should contact the Resident Welfare Association in their locality in order to come to formal or informal agreement in order to support each other in their activities of mutual benefit. It is yet to be implemented by many SCAs. Hence, an SCA should initiate contact with the closest RWA to formalise this collaboration. In cases where formal agreements are not possible, informal cooperation should still be initiated.

II. A Model Version:

Objective: The primary objective of this MoU is to formalise the collaboration between SCA and RWA to achieve mutual benefits. This includes the promotion of high-quality urban life, active participation in local governance, and the execution of activities that benefit residents of all ages.

Scope of Collaboration: 1. Community Engagement: SCA will actively participate in RWA activities, including but not limited to: Organizing yoga and health camps, Tutoring underprivileged children, Ensuring safety and security for vulnerable groups, Participating in Police-Maithri committees, Monitoring civil works for quality assurance, Engaging in Election Watch activities. **Facilities and Infrastructure:** RWA will provide access to community halls, parks, and other common areas for SCA activities, whenever possible. SCA and RWA will collaborate to establish and run Day Care Centres, where possible.

Joint Activities: Both parties will work together on organising seminars, workshops, and cultural programs, including observing national and international Days. SCA will assist RWA in addressing local urban challenges by offering their expertise and experience.

Governance Structure: Formation of a Senior Citizens' Committee or Cell: RWA will consider including a dedicated committee or cell for senior citizens as part of their governance structure. This body will operate autonomously but in close coordination with the RWA.

Representation: The President or Secretary of the RWA will be included as an ex-officio member of the SCA to ensure continuous dialogue and coordination between the two bodies...

FDs: RBI dy gov moots full insurance cover for seniors

TIMES NEWS NETWORK

Mumbai: RBI deputy governor M Rajeshwar Rao has mooted full insurance cover for bank deposits of certain sections such as senior citizens and small depositors.

The deputy governor's suggestion comes in the wake of these segments being the worst hit in the case of cooperative banks' failure. In the case of the Punjab and Maharashtra Cooperative Bank, many of those whose deposits exceeded the Rs 5 lakh limit were senior citizens who had kept their retirement funds with the cooperative for a higher return. Besides senior citizens, some smaller investors who had parked their money in cooperative credit societies, which in turn deposited cash with the failed bank,

had also lost their deposits. Rao's proposal was made in a speech at a conference organised by RBI's subsidiary Deposit Insurance and Credit Guarantee Corporation (DICGC) in Jaipur last

Segment among worst affected by failure of some cooperative banks

week. At the same event, deputy governor J Swaminathan had proposed risk-based pricing of deposit insurance. Supporting this view on risk-based pricing, Rao said that flat pricing — which is the current practice — is antithetical to the concept of insurance. “The primary objective of differential premium systems is to provide incentives for banks to avoid excessive risk

taking, minimise moral hazard and introduce greater equity into the premium assessment process. Keeping this objective in view, many jurisdictions are transitioning towards Risk Based Premium (RBP),” said Rao.

Rao's comment on full insurance cover for bank deposits was made in the context of failure and near failure of banks in the US and Europe in 2023. “It does spark a debate on the financial stability risk arising from a confluence of factors,” said Rao. While full insurance cover was ideal for depositors to avoid bank runs, Rao said it is likely to be a ‘sub-optimal solution’ as it would trigger moral hazard where lenders take undue risks as they do not have to face the consequences of depositors exiting.

‘Insurance firm can’t decide on medical expenses limit’

Company Directed To Pay ₹1.64L For Cataract Surgery

Tushar.Tere@timesgroup.com

Vadodara: In an important verdict, a consumer forum in Vadodara recently ruled that insurance firms can't decide which expense isn't necessary for medical treatment and how much maximum amount can be paid for it. The observation was made while ordering an insurance firm to pay the full medical bill of Rs 1.64 lakh to complainant Mayur Parmar for cataract surgery.

Parmar, 61, had undergone cataract surgery for both eyes in December 2022 and January this year and spent Rs 1.64 lakh on the treatment. He claimed insurance money from Oriental Insurance Company Ltd for the

same. But the insurance firm partially approved his claim and agreed to pay Rs 49,000. The complainant said that the insurer refused to pay the full amount on the grounds that the expense of the cataract surgery wasn't customary and reasonable.

In February this year, Parmar filed a case against Oriental Insurance Company Ltd in the Vadodara District Consumer Disputes Redressal Commission (additional) and demanded reimbursement of full medical expenses. He said in his complaint that the insurer wrongly interpreted the policy's terms and partially rejected his claim.

After hearing both sides, the consumer forum observed

that the policy doesn't mention what exactly reasonable and customary charge means and how the company has interpreted it. “The medical treatment fee varies in every hospital and as per the doctor. The fee of an expert doctor is usually high. The insurance firm can't decide which expense wasn't necessary during the treatment,” the forum observed.

Also, the insurer can't decide how much charge (medical expenses) the complainant is entitled to get,” the

forum said and added that the insurance firm can't decide on the customary charge too. “Reasonable charge means the expenses done for the necessary treatment and hence it is not an excessive expense. The insurance firm cannot decide on how much and what kind of expense the doctor can do during treatment,” the forum observed.

“Cataract surgery is a common surgery but the medical expense depends on which doctor does the surgery and what kind of lens are used. Terming the partial claim rejection unreasonable, the forum ordered the insurer to pay Parmar the remaining Rs 1.15 lakh with 9% interest within two months from the date of the order.

The insurer has also been ordered to pay Rs 5,000 each towards mental harassment and the legal cost.

ओल्ड पेंशन प्रणाली को पेंशनरों के हित में यथावत रखने की मांग

भीलवाड़ा। वरिष्ठ नागरिक संस्थान राजस्थान के अध्यक्ष भंवर सेठ एवं प्रदेश महामंत्री मदन खटोड़ ने एक संयुक्त प्रेस विज्ञप्ति जारी कर एनपीएस के विकल्प के तौर पर एकीकृत पेंशन प्रणाली के स्थान पर पुरानी ओल्ड पेंशन प्रणाली को ही पेंशनरों के हित में यथावत रखे जाने की मांग की। उन्होंने कहा कि केंद्र सरकार बार बार इसमें परिवर्तन करने की मंशा से कर्मचारी एवम शिक्षक वर्ग को गुमराह कर पेंशन में वर्तमान में मिलने वाली सुविधाओं को समाप्त करने का असफल प्रयास कर रही है इससे सरकार की विश्वनीयता पर प्रश्न चिन्ह लगता है कि सरकार वरिष्ठ नागरिकों एवं पेंशनरों की पूर्ववर्ती सरकारों द्वारा देय लाभ को कम कर

उनको नुकसान पहुंचा रही है वो किसी भी कल्याणकारी सरकार के लिए उचित नहीं कही जा सकती है। उन्होंने पेंशनर समाज के साथ बैठ कर चर्चा के आधार पर यह निष्कर्ष निकाला कि ओ पी एस में सेवानिवृत्ति के समय अंतिम वेतन की 50 प्रतिशत पेंशन स्वीकृत की जाती है जबकि यूपीएस में पिछले 1 वर्ष की औसत वेतन के आधार पर जो की जीवन पर्यंत उससे कम रहती है। ओपीएस में एक तिहाई पेंशन राशि का रूपांतरण होकर एक मुश्त राशि मिलती है, ऐसी सुविधा यूपीएस में नहीं है। ओपीएस में फैमिली पेंशन वेतन की 30 प्रतिशत दी जाती है चाहे मृतक कर्मचारी की सेवाएं 25 वर्ष से कम ही क्यों ना हो, जबकि यूपीएस में 25

वर्ष से कम सेवा पर अनुपातिक पेंशन की गणना होगी तथा उसे पेंशन राशि की 60 प्रतिशत फैमिली पेंशन दी जायेगी। ओपीएस में ग्रेजुटी का फार्मुला निश्चित है, जबकि यूपीएस में ऐसा कोई फार्मुला नहीं दर्शाया गया है। पेंशन देने के नाम पर ओ पी एस में वेतन से कोई कटौती नहीं होती जबकि यूपीएस में प्रति माह वेतन से 10 प्रतिशत की कटौती होगी। ओपीएस में कर्मचारी की मृत्यु उपरांत 7 वर्ष तक अथवा उसकी उम्र 67 वर्ष होने तक (यदि वह जीवित रहता) जो भी पहले हो, पूरी पारिवारिक पेंशन स्वीकृत की जाती है जबकि यूपीएस में ऐसा प्रावधान नहीं है। उन्होंने कहा कि हमने सरकार पर हमेशा भरोसा किया और

सहयोग किया परंतु सरकार ने अभी तक भी वरिष्ठ नागरिकों का रेल्वे कंसेशन बहाल नहीं किया है और न ही सामाजिक सुरक्षा पेंशन को सम्मानजनक स्थिति में पहुंचाया है यहां तक पिछले चार वर्षों से अटक हुए बिल नेशनल पॉलिसी ऑन ओल्डर पर्सन में आवश्यक संशोधन भी नहीं किया है। इससे देश का वरिष्ठ नागरिक अपने आप को ठगा सा महसूस कर रहा है। सेठ एवं खटोड़ अनुसार इस विचार मंथन में पेंशनर एवम वरिष्ठ नागरिकों के प्रमुख कृष्ण गोपाल सोमानी, कैलाश चंद्र सोमानी, बसंती लाल मूंदड़ा, मूलचंद बाफना, कैलाश चंद्र पुरोहित, भवानी शंकर शर्मा, जॉय पियरसन, पीएल जीवनगर आदि उपाधित थे।
